

# Create Your Legacy

## ***What will your legacy be?***

Since 1989, the Cancer Wellness Center exists to help anyone touched by cancer find a way forward. Through guidance, comfort, and community, we equip people with cancer and their loved ones to cope with the diagnosis that has changed their lives. Our priority remains unchanged from the beginning, to secure a future where these life-changing services will always be available for our community.

Many people choose to leave a legacy for our community by including the Center in their estate plans. By doing so, you can feel secure in knowing that the Cancer Wellness Center will continue its important work, long into the future, helping anyone touched by cancer find a way forward.

Making a planned gift by including the Center in your will and/or estate plans means the Cancer Wellness Center can invest in bold steps and innovative solutions that will allow us to help even more people impacted by cancer.

Please join us in ensuring that the Cancer Wellness Center will be here for generations to come.
